Instructions

If two or more persons together paid more than 50% of the support of an individual for a calendar year and each could claim that person as a dependent except that they did not individually pay more than 50% of the support, one of the contributors can claim the person as a dependent if:

- (1) the taxpayer claiming the person as a dependent paid more than 10% of the support, and
- (2) each contributor (other than the taxpayer claiming the dependent) who paid more than 10% of the support of the dependent agrees not to claim

that person as a dependent for any tax year beginning in that calendar year.

Each person (other than the taxpayer claiming the dependent) who paid more than 10% of the support of the dependent must complete this declaration and give it to the taxpayer claiming the dependent, who in turn must file the declarations with his or her return.

The taxpayer claiming an exemption for the dependent should be prepared to support the right to claim the exemption if requested.
